

Flexcon's *Perfect Bakery Containers*

The *Perfect Containers* for your specific needs

Flexcon's bakery containers are perfect for manual or automated handling systems with weights under 7 lbs. These high quality containers are suitable for a very wide variety of applications.

Options include:

- Reinforced bottom resists wear and prevents bottom sagging
- Interlocking rails prevent shifting in transit
- Locations available for adding logo for easy identification
- End panel openings allow for easy product identification
